

## CALIFORNIA TRANSPORTATION COMMISSION (CTC) MEETINGS

### AGENDA ITEM DUE DATES

The following table is provided as a reference to local agencies. Dates are subject to change and local agencies should work with SBCAG P&PD staff to ensure timely submittals.

The deadlines in each row refer to the date the request must be submitted to either SBCAG staff or Caltrans District 5 to be considered at the corresponding CTC meeting in that row.

These deadlines apply to STIP allocations, amendments and time extension requests. Please remember that a STIP amendment requires SBCAG Board approval and two CTC meetings for approval: the first to notice the amendment and the second to approve it.
