

Key Performance Measures Comparison

Blue highlighting indicates that a scenario performs better on a performance measure than the future baseline scenario. Red highlighting indicates that a scenario performs worse on a performance measure than the future baseline scenario.

Goals	Performance Measures	SCENARIO																		
		2010	1. Future Baseline			2. No Project			3. TOD/Infill			5. Blended Infill/Expansion			6. North County-weighted Jobs, South County-weighted Housing Emphasis			7. Transit-Oriented Development/Infill + Enhanced Transit
